To whom it may concern,

Please may I thank the Trustees of the Sargood Bequest for this kind donation of \$2500.00 to be used to support the Birthright Winter Camp.

Our plans have changed a little and we will now be going to the Hanmer Forest Camp for the stay. This will give our families more of a break away from Christchurch and fits within the budget available.

We are delighted you have felt able to support this project which will provide for fifteen of our high risk families to have a holiday and some fun to support them all to carry on in spite of the challenges living in Christchurch present. We will provide you with a full accountability on completion of the project.

Please find enclosed the signed receipt in acknowledgment of the funds being deposited into our account.

Yours Sincerely

Noeline Allan
