Dear Sir,

Thank you for your kind gift of \$2,500.00, and your receipt is attached below.

Your generosity means we can continue to provide a complete information service to people who are blind or partially sighted. In fact, the library is our most widely used service to give blind people increased information, through telephone, talking books and braille materials. And we rely solely on voluntary donations like yours for this facility.

So once again, I thank you for caring. Your help gives greater independence to thousands of New Zealanders, and I really look forward to your ongoing support. Best regards!

Yours sincerely,

*Sandra Budd*
