

6 May 2011.

The Secretary,
Sargood Bequest,
P. O. Box 5546,
DUNEDIN.

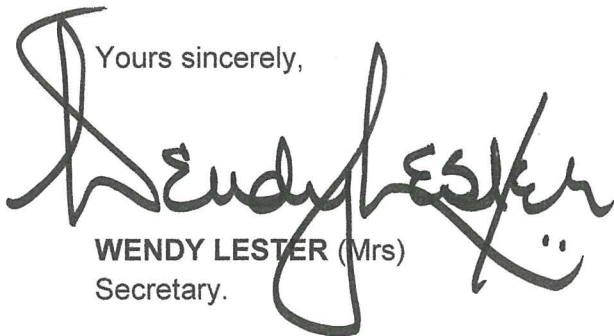

Dear Secretary,

On behalf of the Executive Committee and Members of the Tongariro National Trout Centre Society may I thank the Trustees for their generous and continued support of the Tongariro National Trout Centre Society, and additional donation to the LEARNZ Virtual Field Trip programme for 2011, which was direct-credited to our account on 14th April 2011.

The Sargood Bequest's support of both the Centre and the LEARNZ programme gives important continuity for the work being done, and the LEARNZ programme now reaches in excess of 100 schools, with the promise of more coming into the scheme. It is an extremely popular tool and Mike Nicholson, our Educator, working with the Department of Conservation is currently expanding the programme to include new visits and innovations. It would appear that the options are limitless, and the participating children are enthusiastic about being involved and thoroughly enjoy the experience.

We would appreciate you conveying our gratitude to the Trustees for their consideration.

Yours sincerely,

WENDY LESTER (Mrs)
Secretary.
